

## What is reNU™?

It's time to cleanse your body of the toxins that can build up and slow down your lifestyle. reNU is the answer. Using pure and natural ingredients, reNU is designed to support the detoxification of the body, all while helping maintain a healthy digestive tract.\*

Not only does reNU support detoxification, but it also supports healthy bowel and liver functions, and helps with personal weight loss goals.\* Take a capsule before bed and wake up knowing your body is cleansed and refreshed to take on a new day.

## Why choose TruVision Health's reNU?

There are so many negative elements that our bodies can be exposed to everyday whether they be environmental, stress-induced, or unhealthy food choices. Often times your body is already eliminating these from its system, but sometimes it doesn't hurt to give it a little extra support.

## What are the benefits of the reNU?

- Cleanse your body of toxins it comes in contact with every day
- Gently supports 7 different channels of elimination
- Supports normal bowel and liver functions
- Can provide a foundation to create new healthy habits and routines
- Can increase your energy
- Supports mental clarity

**Suggested Use:** Take 1 capsule each night, before bed.
