- Enjoy natural, sustained energy*
- Enhance mood and cognition*
- Replenish your body*

If you're like most people, you're looking for an energy boost to take on your daily tasks, improve overall performance, and say goodbye to fatigue. For those reasons, MicroLife V3 has been specifically formulated with naturally derived ingredients that boost energy to help you conquer your day—every day!*

ADVANCED DELIVERY TECHNOLOGY

Vasayo's proprietary Advanced Delivery Technology utilizes enzymes to optimize the delivery of key nutrients within your body. Why is this important? Processing of herbs and other botanicals requires drying, which depletes precious enzymes needed for absorption and utilization in the body. As a result, Vasayo

has developed a smart enzyme delivery system designed to help replace lost enzymes and ensure that the nutrients in Vasayo's ingredients are absorbed and utilized faster and more effectively.*

Our mission is to deliver solutions to health-conscious consumers who demand superior quality

and delivery of key ingredients for optimal product performance. Utilizing the latest technology, Vasayo addresses common problems with extraordinary solutions. With Vasayo, the difference is in the delivery—and that makes all the difference!

Features & Benefits

Enjoy Natural, Sustained Energy: This combination of healthful nutrients delivers a sustained, feel-good energy to exceed the day's expectations.*

Replenish Your Body: Constant stimulation from synthetic and harsh energy products can lead to fatigue. The healthful ingredients in V3 help replenish your body's cells.*

Enhance Mood and Cognition: The timeless ingredients in V3 have been used for centuries to boost mood, focus, concentration, and overall energy.*

Support Antioxidant Activity: Healthy cells are key to normal vitality and energy. MicroLife V3 is blended with a combination of energy-boosting botanicals with powerful antioxidant properties to protect cells from free radical damage.*

Key Ingredients

Coconut Juice Powder: The closest element to human plasma, this nutrient-rich, low-calorie beverage contains naturally occurring electrolytes needed for hydration. It's also rich in B vitamins and gives quick and lasting energy.

Green Tea Extract: Green tea is well-recognized for its powerful antioxidants and chlorophyll content, which are excellent energy enhancers. Our high-quality green tea extract contains 50% natural caffeine (about 60 mg per serving).

Theobromine: The "feel-good" ingredient in cacao, theobromine helps dilate blood vessels and increase circulation. It also boosts dopamine levels and works with caffeine to stimulate the brain and create a sense of "euphoria," with its positive effects lasting 6-8 hours.

Adaptogenic Herb Blend: Contains key herbs Korean ginseng, holy basil, and maca. These herbs stimulate the body and brain and enhance energy levels. They also aid in cognitive function, immune activity, and stamina.

Warning: Keep out of reach of children. Not intended for individuals under the age of 18. Consult your healthcare provider prior to use if you are pregnant, attempting to become pregnant, nursing, taking medications, or have any health care concerns. Do not use if safety seal is broken or missing.

Storage: Store in a cool, dry place.
